

**Javier Gonzalez-Castillo, Ph.D.**  
**Staff Scientist, National Institute of Mental Health, NIH**  
Washington Metro Area, USA  
javiergcas@gmail.com

## EDUCATION

---

- 2009            Ph.D., Biomedical Engineering, **Purdue University**, West Lafayette, IN, USA.
- 2001            BS. & MS., Electrical and Computer Engineering, **Universidad Politécnica de Madrid**, Madrid, Spain.

## RESEARCH EXPERIENCE

---

- 2021-  
Present        *Senior Associate Scientist*  
Section on Functional Imaging Methods, National Institute of Mental Health,  
**National Institutes of Health**, Bethesda, MD.
- 2014-2021    *Staff Scientist*  
Section on Functional Imaging Methods, National Institute of Mental Health,  
**National Institutes of Health**, Bethesda, MD.
- 2011-2014    *Research Fellow*  
Section on Functional Imaging Methods, National Institute of Mental Health,  
**National Institutes of Health**, Bethesda, MD.
- 2009-2011    *Post-doctoral Visiting Fellow*  
Section on Functional Imaging Methods, National Institute of Mental Health,  
**National Institutes of Health**, Bethesda, MD.

## TEACHING EXPERIENCE

---

- 2014-  
Present        *Guest Lecturer at the NIH fMRI Summer Course*  
National Institute of Mental Health, Bethesda, MD
- 2008            *Graduate Course Instructor*  
Weldon School of Biomedical Engineering, Purdue University, West Lafayette
- (BME501) Medical Device Accidents and Engineering Analysis
- 2005-2007    *Teaching Assistant*  
Weldon School of Biomedical Engineering, Purdue University, West Lafayette
- (BME501) Medical Device Accidents and Engineering Analysis
  - (ECE528) Measurement and Stimulation of the Nervous System

## INDUSTRY EXPERIENCE

---

- 2001-2004     *Associate Consultant*  
**Hewlett Packard Consulting & Integration**, Hewlett-Packard, Madrid, Spain
- Project manager for medium size projects (\$50,000-\$100,000).
  - Prepare commercial proposals on IT management solutions.
  - Manage communication with HP R&D business unit.
- 2000-2001     *Research Engineer*  
**Hewlett Packard Labs**, Hewlett-Packard, Bristol, UK
- Research Semantic Web Technologies and applications to e-commerce.

## MENTORSHIP EXPERIENCE

---

- Ph.D. Students     Xia Hue – Texas Tech University, Lubbock, TX (2017 – 2018)  
Sara Kimmich – NIH/University College of London, London, UK (2017)  
Samika Kuman – NIH/University of Cambridge, Cambridge, UK (2020-Present)
- NIH Post-bac Fellows     Isabel Fernandez (2020 – Present), Ramya Varadarajan (2019 – 2020), Michel Elishama (2018 – 2019), Natasha Topolski (2016 - 2018), Puja Panwar (2016), Laura Buchanan (2014 – 2015), Colin Hoy (2013 - 2014), Kristen Duthie (2011).
- NIH Summer Students     James Brown (2016), Devon Shook (2013), Meghan Robinson (2011)

## HONORS AND DISTINCTIONS

---

- 2019             *NIMH Director's Award in Administrative Excellence*
- 2009             *Bilsland Dissertation Fellowship, Purdue University*
- 2008-2009     *Magoon Award for Excellence in Teaching, Purdue University*
- 2004-2005     ***Fulbright Fellowship***

## PROFESSIONAL MEMBERSHIPS

---

- 2012-2019     *Society for Neuroscience (sfn)*
- 2011-2019     *International Society for Resonance Magnetic Imaging in Medicine (ISMRM)*
- 2011-Present     *Organization for Human Brain Mapping (OHBM)*

## HONORARY SOCIETY MEMBERSHIPS

---

2008-Present     *Tau Beta Pi, Engineering Honor Society*

2008-Present     *Golden Key, International Honor Society*

## GRANTS

---

2019 - 2020     *NIMH Scientific Director's call for Scientific Workshops and Talk Series*  
"Talk Series on Machine Learning in Brain Imaging and Neuroscience"  
Support: \$20,000

2018 - 2019     *NIMH Scientific Director's call for Scientific Workshops and Talk Series*  
"Talk Series on Machine Learning in Brain Imaging and Neuroscience"  
Support: \$20,000

2017 - 2018     *NIMH Scientific Director's call for Scientific Workshops and Talk Series*  
"Talk Series on Machine Learning in Brain Imaging and Neuroscience"  
Support: \$20,000

## PROFESSIONAL/LEADERSHIP ACTIVITIES

---

2016 - Present     *NeuroImage Editorial Board Member*

2020 - Present     *Editorial Board Member for Frontiers in Brain Imaging Methods*

2015 - Present     *Machine Learning-Brain Imaging Special Interest Group Organizer*  
National Institute of Mental Health  
Selected Speakers: Dr. Tulay Adali (University of Maryland), Dr. Joshua Vogelstein (John Hopkins University), Dr. Mikail Rubinov (Janelia Farm), Yoshua Bengio (Montreal University), Dr. Niko Kriegeskorte (Columbia University).

2020     *Ad-hoc Reviewer for the Israel Science Foundation*  
Joint NSFC-ISF Research Program

2020     *Topic Editor for Research Topic in Frontiers in Brain Imaging Methods*  
Title: "Paradigm-free functional brain imaging: methods, challenges and opportunities"

2019     *Topic Editor for Research Topic in Frontiers in Human Neuroscience*  
Title: "Towards expanded utility of real time fMRI neurofeedback in clinical applications"

2019     *Ad-hoc Reviewer for the Israel Science Foundation*  
Personal Research Grant Program

- 2018-2019      Heliyon Editorial Board Member
- 2018            Symposium Chair  
The Dynamic Brain: signatures of fast functional reconfiguration, their interpretability and clinical value  
*48<sup>th</sup> Annual Meeting for the Society for Neuroscience, San Diego, CA*
- 2017            Local Chair/Organizer for Brainhack Global @ NIMH  
Two-day Brainhack event held on NIH campus. Projects included: fMRI data denoising, fMRI-based neurofeedback, ME-ICA reporting, AFNI-AROMA integration, and creation of course materials.
- 2015            Grant Review Panelist  
National Science Foundation (NSF) & National Institutes of Health (NIH)  
Panel: Collaborative Research in Computational Neuroscience
- 2014            Grant Review Panelist  
Army Research Lab (ARL)  
Panel: Cognition and Neuroergonomics Collaborative Technology Alliance.
- 2012-2020      Abstract Reviewer  
Annual Meeting of the International Society for Magnetic Resonance in Medicine (ISMRM)
- 2009-2020      Abstract Reviewer  
Annual Meeting of the Organization for Human Brain Mapping (OHBM)
- 2009-Present   Scientific Journal Reviewer  
PNAS, Journal of Neuroscience, NeuroImage, Human Brain Mapping, Magnetic Resonance in Medicine, IEEE Transactions in Biomedical Engineering, Frontiers in Neuroscience, Frontiers in Brain Imaging Methods, Artificial Intelligence in Medicine, Neuroscience Letters, Cognitive Neuroscience, Neuroscience Research, SPIE Journal of Medical Imaging, Brain Structure and Function.
- 2019-Present   Mentor at the National Research Mentoring Network  
Mentees: Dr. Serenella Tolomeo

## BOOK CHAPTERS
